

# Trope Trainer Setup Instructions

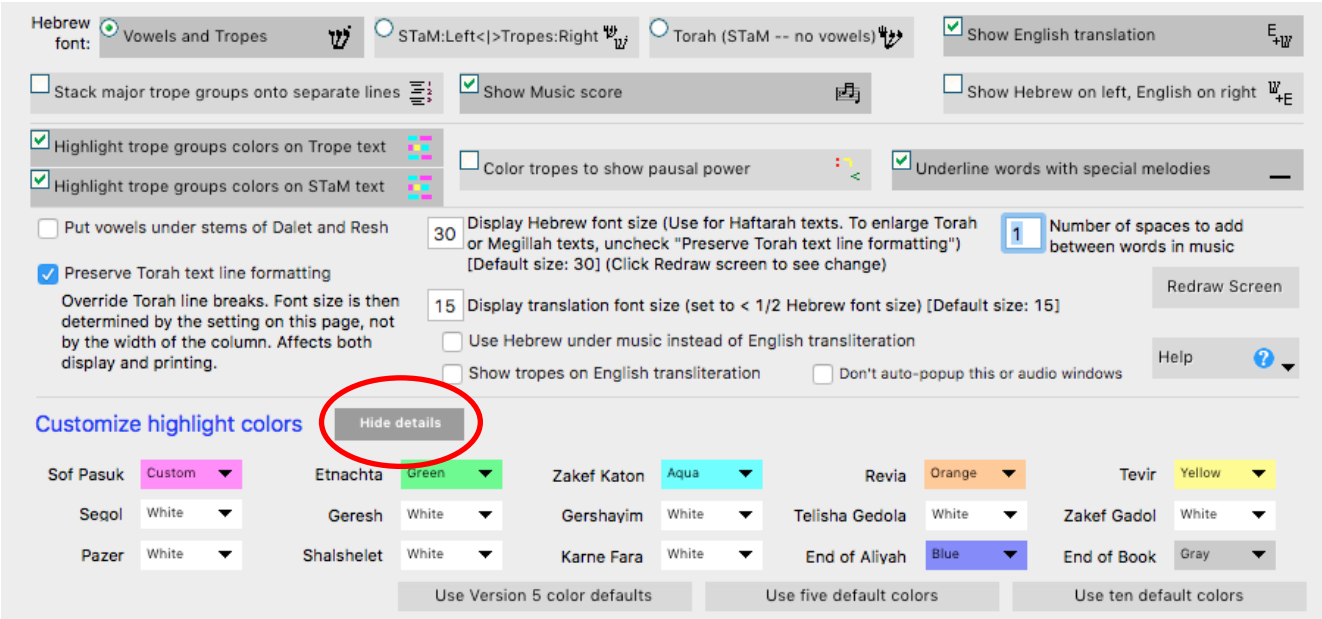

After downloading Trope Trainer Version 6 software to your computer, begin by making the following custom settings on your first use. **THIS IS CRITICAL TO YOUR STUDY!**

**If the custom settings are not properly set, you risk learning the wrong melodies!**

## Step One: Customize Color Settings

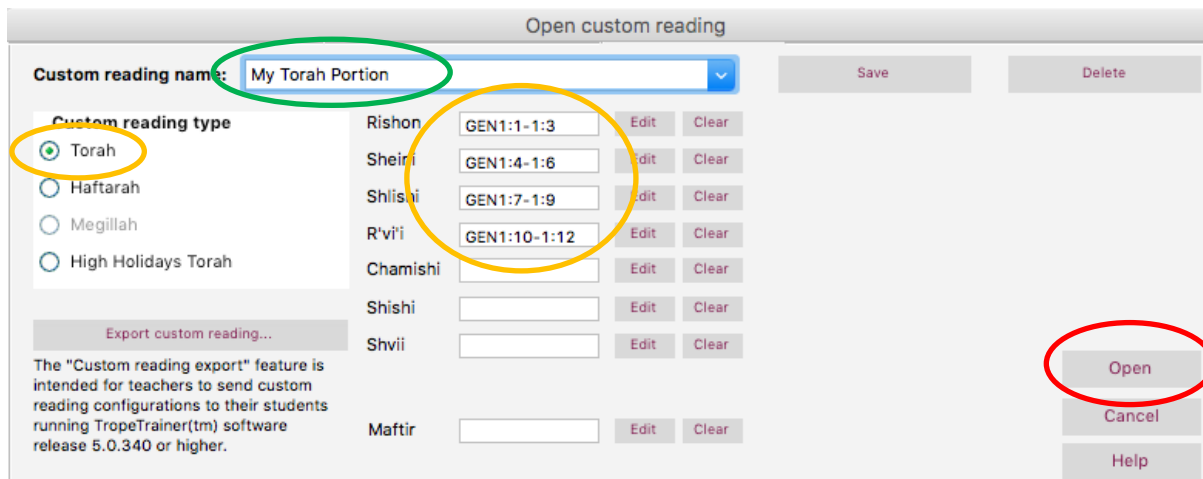

- Click on “What You See” on the top tool bar. A new window will open.
- Near the bottom next to **Customize Highlight Colors**, select “Show Details”.
- Select all settings and color settings as shown:

## Step Two: Set up your Custom Reading

- Click on “Readings” on the top tool bar. A new window will open.
- Click on “Custom Readings” at the bottom of the window. A new window will open.
- Select “Torah” on the left
- Enter your readings as they have been divided into 4 sections, as shown by clicking “Edit”.
- Give your custom reading a name so you can easily find it later. Click “Open”.

### Step Three: Set Up your Melody and Pronunciation

- Click on “What Your Hear” on the top toolbar. A new window will open.
- Select all settings as shown:

You are now done with Custom Settings and are ready to start your study!
